## Important Subscription Details

Billing occurs monthly with all plans. These subscription plans are exclusively for activations by individual consumers. Non-U.S. plans include all applicable VAT. Overages are charged for any text messages, tracking points, and location pings that exceed what the user's plan allows.

**Annual plans** require a 12-month contract. There is a one-time \$29.00 (AUD) subscription activation fee. Moving up a plan is free, and moving down a plan incurs a \$37.00 (AUD) fee.

**Freedom plans:** There is an annual program fee of \$37.00 (AUD) to enrol in a Freedom plan.

Freedom plans require a minimum 30-day commitment and you can move freely up and down a plan at no charge. When going up a plan, a minimum commitment of 30 days to the new plan is required. You can suspend your service on a monthly basis at no charge and still retain access to all your inReach data stored on the Explore portal. Your selected plan will auto-renew each month unless you make a change on your account in the Explore portal. Prices subject to change.

inReach devices require an active satellite subscription plan to function.
